

I have spent time at home with my family
but it is now time to go to School and meet
my new friends and teachers.

My adult will drop me off at School. They will wait outside and I will wave to them.

Miss Smith

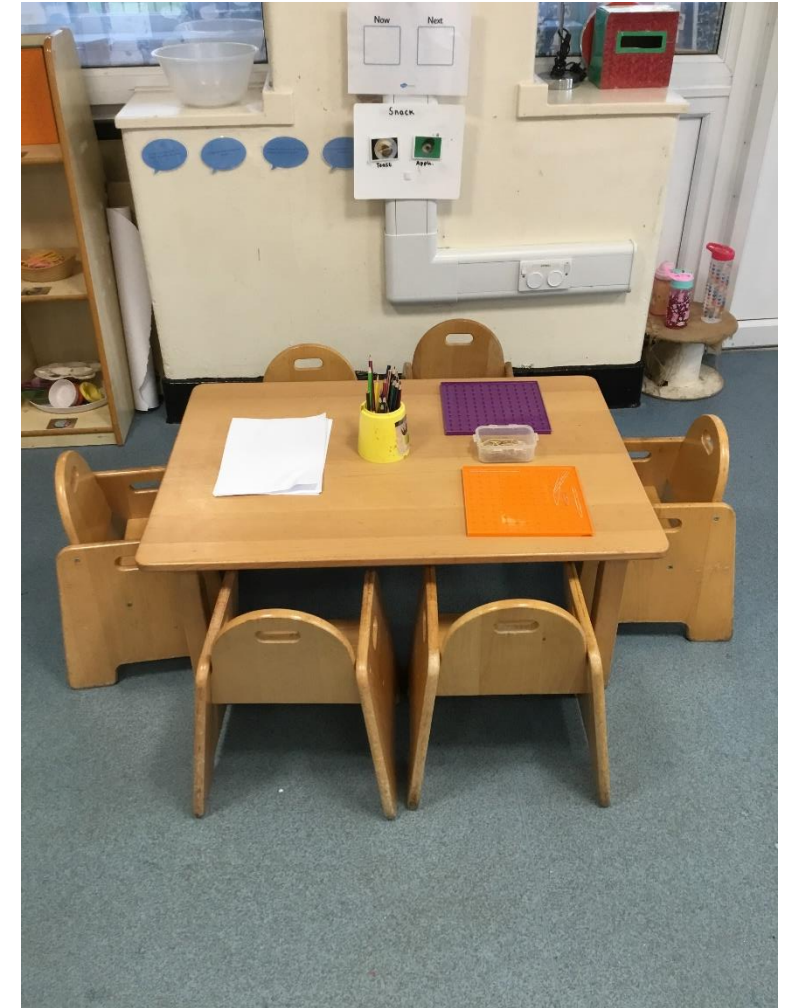

Miss Burke

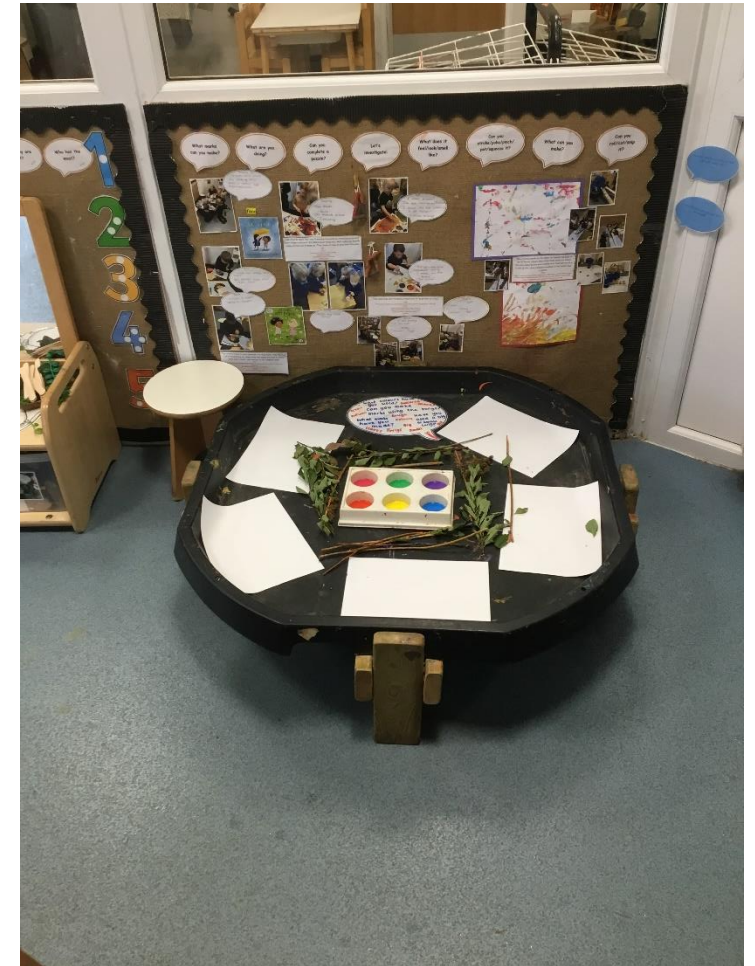

I might miss them, but my teachers will look after me.
It will be fun to see my teachers and some of my friends.

My teacher will show me my classroom.

My teacher will help me find lots of new things to play with.

I will make lots of new friends.

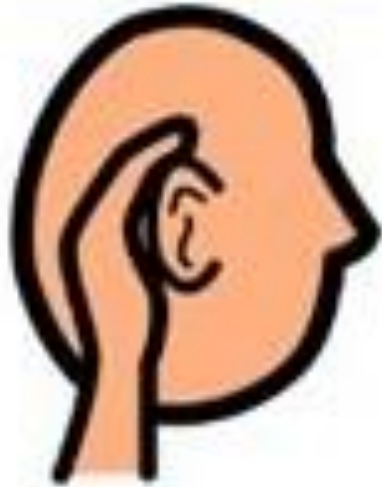

I will have lots of opportunities to play, learn and explore.

My teacher will show me where the toilets are. If I need the toilet I can ask my teacher and they will take me.

I will listen carefully and do the things my teacher asks me to do. This will keep me safe and my teacher will be pleased.

I will have a nice time at school!
