

I have spent my summer holiday at home with my family but it is now time to go to School and meet my new friends and teachers.

My adult will drop me off at School. They will wait outside and I will wave to them.

Miss Hatton

Miss Rodmell

Mrs Verbic

Miss Barlow

Mrs Haworth

Miss Williams

I might miss them, but my teachers will look after me.
It will be fun to see my teachers and some of my friends.

The teachers will help me take my coat off and put it on a peg. This will have my photo and name on it.

My teacher will show me my classroom.
I can investigate. I can draw. My classroom will change but
my teachers will show me what to do.

I can engage in my own imaginary play in the small world area. I will be able to sing and dance. I will make lots of new friends.

My teacher will help me find lots of new things to play with.
I can build. My teacher will find my favourite things and
help me tidy up. I can read my favourite stories. I can
engage in role play.

I will be able to play outside. When I have finished playing there my teacher will ask me to wash my hands. This is to keep me safe.

My teacher will ask me to wash my hands more often. This is ok. This is to help keep me safe.

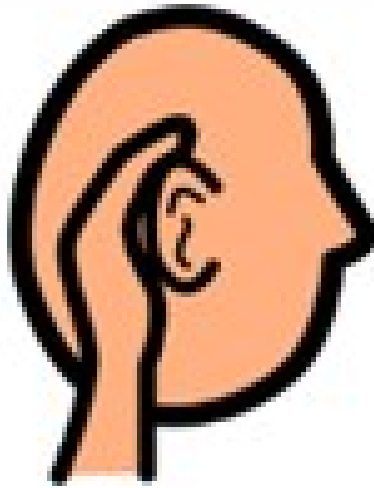

My teacher will show me where the toilets are. If I need the toilet I can ask my teacher and they will take me.

My teacher will show me where I can sit to have snack if I am hungry or need a drink.

I will listen carefully and do the things my teacher asks me to do. This will keep me safe and my teacher will be pleased. My monster will get a Dojo!

I will have a nice time at school!
